The date for receipt will be set in the target date order. The contents of any procedural schedule are set forth in Ground Rule 2. [1] See Commission rule 201.8(f).

1.5 Submission by Fax Disfavored.

Service of any document on the Administrative Law Judge by facsimile transmission is **strongly** disfavored. No party may serve any paper on the Administrative Law Judge by facsimile unless the party has first contacted the office of the Administrative Law Judges and has received permission to serve the paper on the Administrative Law Judge by facsimile, explaining why service of the paper by mail, overnight courier, or hand delivery is not feasible, and informing the office of the Administrative Law Judges of the number of pages to be transmitted, the exact time the transmission will take place, and whether the document to be transmitted contains any confidential business information. Service of any paper on the Administrative Law Judge by facsimile must be followed by service on the Administrative Law Judge of a hard copy of the paper within three (3) business days.

1.6 Concurrent Service.

Service on opposing counsel may be by hand, by facsimile, by e-mail, or by overnight courier. Unless otherwise agreed by counsel, service of documents of no more than fifteen (15) pages in length (exclusive of any service list) shall be effected by facsimile transmission, by e-mail, by hand delivery or by overnight courier and documents consisting of more than fifteen (15) pages shall be served by e-mail, overnight courier or by hand. Any foreign respondent who is not represented by counsel may be served by first class mail. Motions served by facsimile shall be served no later than 5:15 pm on the day said motion is filed with the Office of the Secretary. Motions served by overnight courier shall be received by the other parties no later than the close of business on the day following the day on which said motion is filed. Where documents are served on the Office of the Secretary by hand, said documents shall also be served on local counsel by hand the same day. Where service is by facsimile, the serving party must notify the other parties so served.

1.7 Confidential Submissions

Any document containing confidential business information should be prominently marked on its first page with the legend "confidential business information," "in camera," or equivalent wording.[2] Documents filed with confidential attachments should similarly contain a marking on the first page of the document indicating that there are confidential attachments and the first page of each of the confidential attachments should be marked pursuant to Commission rules. A party who mistakenly files a document without a confidential designation thereon should immediately contact the Office of the Secretary and the attorney advisor because when a public document is filed it will be placed on the public record and its confidential status may be lost. Filing of non-confidential versions of discovery related motions that contain confidential business information is not required. With respect to items (A), (B), and (C) of Commission rule 210.4(f)(3)(ii) and any pre-hearing and post-hearing brief and all other post-hearing submissions that contain confidential business

[2] See Commission rules 210.6 and 210.34.

information, each party asserting confidentiality shall serve on all parties a proposed redacted non-confidential version thereof within ten (10) calendar days after service of the Commission or Administrative Law Judge of that confidential document. No cover letter or other document shall be stapled or otherwise attached to a filing or other submission so as to obscure the confidential marking on the top page.

1.8 Unreported Court Decisions

Any submission that makes reference to an unreported court decision shall include as an exhibit the text of said decision.

1.9 Certificates of Service

Certificates of service should state the date and manner of delivery of documents filed with the Office of the Secretary.

1.10 Temporary Relief

In any aspect of an investigation which involves a pending motion for temporary relief, a party serving any paper, including any motion or discovery requests, must notify counsel for the other parties, including the Commission Investigative Staff Attorney ("Staff"), by telephone on the day the paper is served about the contents of the paper, and must arrange for the other parties to receive the paper on the next business day.

1.11 Due Dates; Requests for Extensions

All due dates for any paper means that the paper is to be received no later than the close of business on the due date. Any request for extension of time must be made by written motion no later than the day before the due date and good cause for such extension must be established.

1.12 Public Versions of Orders/IDs

A proposed public version of an issued order or ID must be submitted to the administrative law judge at the time specified in the issued confidential order or ID. To designate confidential information, the confidential information subject to the protective order should be bracketed. It is essential that the confidential matter be bracketed and not deleted in submission of the bracketed public version (two copies) to the Administrative Law Judge.

Said proposed public version must be served on all parties at least two (2) business days prior to the submission of said proposed public version to the Administrative Law Judge. Moreover, any party with comments regarding another party's proposed public version must submit said comments to the Administrative Law Judge on the same date as specified for the submission of the proposed

public version to the Administrative Law Judge.

If a confidential public version (two copies) is not received by a date set in an order by the Administrative Law Judge the totality of the order will be made public by the Administrative Law Judge. No public version of an order should be filed by a party with the Secretary. Rather the Administrative Law Judge will issue the public version of his order.

1.13 Electronic Filing (EDIS)

Commission rule 201.8(f) governs the electronic filing of certain documents with the Office of the Secretary via the Commissions' Electronic Document Information System (EDIS). Presently, parties may employ the required electronic format using EDIS to file any non-confidential document that must be filed with the Secretary. Filing through EDIS, however, does not remove the requirement that parties must also submit two (2) courtesy hard copies and an electronic copy of such filing, not by facsimile transmission, with the office of the Administrative Law Judges. For additional information regarding EDIS, parties may access the EDIS User's Guide at https://edis.usitc.gov/hvweb/edisuser.pdf or contact the EDIS Helpdesk at (888) 325-6006 or (703) 758-2877.

All submissions shall be filed with the Office of the Secretary of the Commission in accordance with Commission Rules 201.15 and 210.4(f)(2) unless otherwise specifically provided for in these Ground Rules or by order of the Administrative Law Judge.

1.14 Computation of Time.

The first day of the ten (10) calendar days for responding to a motion received by the Administrative Law Judge shall be the first business day following the date that said motion was filed in the Office of the Secretary, and shall apply whether a motion is hand delivered, faxed or served by overnight courier on the other parties. In addition to the requirements of Commission Rules 201.14, 201.16(d) and 210.6 for computation of time, if the last day of the period of time for making a submission falls on a day on which weather or other conditions have made the Office of the Secretary of the Commission inaccessible, the period shall run until the end of the next business day which is not one of the aforementioned days.

2. Procedural Schedule

3. Motions; Deadlines for Responses

3.1 Contents; In General.

All written motions shall consist of: (1) the motion; (2) a separate memorandum of points

and authorities in support of the motion;[3] (3) an appendix of declarations, affidavits, exhibits, or other attachments in support of the memorandum of points and authorities; and (4) a Certificate of Service as required by Commission Rule 201.16(c). All responses to motions shall consist of: (1) a memorandum of points and authorities in response to the motion; (2) an appendix of declarations, affidavits, exhibits, or other attachments in support of the memorandum of points and authorities; and (3) a Certificate of Service as required by Commission Rule 201.16(c).

3.2 Contents; Certification.

All motions shall include a certification that the moving party has made reasonable, good-faith efforts to contact and resolve the matter with the other parties **at least two business days** prior to filing the motion, and shall state, if known, the position of the other parties on such motion.

3.3 Contents; Motion for Summary Determination.

In addition to the foregoing requirements for all motions, motions for summary determination shall be further accompanied by a separate statement of the material facts as to which the moving party contends there is no genuine issue and which entitle the moving party to a summary determination as a matter of law. The statement shall consist of short numbered paragraphs with specific references to supporting declarations, affidavits or other materials.

3.4 Contents; Response to Motion for Summary Determination.

In addition to the foregoing requirements for all responses to motions, each party opposing a motion for summary determination shall append to the response a separate statement responding individually to the numbered paragraphs of the motion statement required by Ground Rule 3.3 with which the party disagrees, with specific references to supporting declarations, affidavits or other materials. The responsive statement shall also include any similarly numbered paragraphs of additional facts, similarly referenced and supported, which the opposing party believes warrant denial of summary determination. All material facts set forth in the moving party's statement may be deemed admitted by a nonmoving party unless so specifically controverted in the nonmoving party's responsive statement.

---

[3] For procedural motions, such as motions for extensions of time, a separate memorandum is not necessary.

3.5 Contents; Discovery-Related Motions.

Prior to filing any written motion related to discovery, the party intending to file such motion shall meet and confer with opposing counsel and make a reasonable, good-faith effort to resolve the matter with the opposing parties, *i.e.*, the parties must comply with Ground Rule 3.2. If no resolution is reached among the parties, the party intending to file a motion shall contact the attorney advisor, as well as the other parties, to schedule a telephone conference with the administrative law judge to attempt to resolve the discovery dispute. At least one full business day prior to the conference call, the party intending to file the motion shall submit a written explanation, either via e-mail to the attorney advisor or other written correspondence, as to the nature of the discovery dispute. This written communication is not a motion or a pleading, it is simply an informational communication so that administrative law judge is aware of the nature of the discovery dispute prior to the telephone conference. Prior to contacting the attorney advisor, the party should determine the availability of the other parties for a telephone conference. The party initiating the telephone conference should arrange to have the conference transcribed.

Any discovery-related motion must have appended to it the pertinent parts of the discovery request and all objections and answers thereto. Additionally, if a party serves supplemental responses subsequent to the filing of a motion to compel, that party must provide copies of the supplemental responses, or where documents are produced, a detailed accounting of what additional documents were produced.

3.6 Deadline for Filing Response to Motion.

The time to respond to all motions, including any motion for summary determination or any motion for termination as to any issue or party, is ten (10) calendar days after receipt of the motion in the Office of the Secretary, unless otherwise ordered by the Administrative Law Judge. A reply to responses and sur-replies may be made if the replying party so moves (with the reply and/or surreply attached thereto) and states specific reasons why a reply is needed (not merely reargument). There is no assurance that such a motion will be granted. Also said motion does not stop consideration by the Administrative Law Judge of the original motion.

In addition to the requirements of Commission Rules 201.16 and 210.15(c) governing the time period for a nonmoving party's response to a written motion, the date of service of a motion on a nonmoving party by electronic mail, hand-delivery or by an express-type mail or courier service is the date of delivery. The additional time provided under Commission Rule 201.16(d) after service by mail does not apply in such instances, unless service by electronic mail, hand-delivery or by an express-type mail or courier service is to a nonmoving party in a foreign country, in which event the additional time allowed for responses to motions shall be five (5) days.

3.7 Request for Shortened Time to Respond to Motion.

A motion shall include any request to shorten the period of time during which other parties may respond to the motion. The fact that a shortened response time is requested shall be noted in the title of the motion and the motion shall include an explanation of the grounds for such a request. A request for a shortened response time shall not be made through a separate motion.

3.8 No Motion Stops Discovery Except Motion to Quash Subpoena.

No motion stops discovery except a timely motion to quash a subpoena.

3.9 Motion Docket Number.

All responses to any motion shall include the Motion Docket Number assigned to the motion by the Commission's Office of the Secretary in either the title or the first paragraph of any such responses. Motion Docket Numbers may be obtained online through the Commission's Electronic Documents Information System known as EDIS.

4. Discovery

4.1 Resolution of Disputes; Coordinated Discovery.

All parties shall make reasonable efforts to resolve among themselves disputes arising during discovery. Parties with similar interests must coordinate and consolidate depositions and all other discovery.

4.1.1 Discovery Committee

Commencing with the first full week after these Ground Rules are issued, a discovery conference committee (the "Discovery Committee") consisting of the lead counsel of each party and the Staff shall convene at least once every two weeks during the discovery phase of this investigation, either in person or by telephone, to resolve discovery disputes. The Discovery Committee shall confer in good faith to resolve every outstanding discovery disputes in a timely manner within the deadlines set forth in the Procedural Schedule. Within ten (10) calendar days after the end of each calendar month during the discovery phase, the Discovery Committee shall report in writing to the Administrative Law Judge all disputes that were resolved during the preceding month and all disputes on which there is an impasse as of the end of that month. No motion to compel discovery may be filed unless the subject matter of the motion has first been brought to the Discovery Committee and the Committee has reached an impasse in resolving the matter.

4.2 Stipulations Regarding Discovery Procedure.

Unless otherwise directed by the Administrative Law Judge, the parties may by written stipulation (1) provide that depositions may be taken before any person, at any time or place, and in any manner and when so taken may be used like other depositions, and (2) modify other procedures governing or limitations placed upon discovery, except that stipulations extending the time provided in **Ground Rules 4.4.2, 4.4.3 and 4.4.4** for responses to discovery may, if they would interfere with the target date of the investigation or with any time set in the procedural schedule or in an order for completion of discovery, for hearing of a motion, or for the hearing, be made only with the approval of the Administrative Law Judge upon a written motion showing good cause.

4.3 Service of Discovery Requests and Responses.

Discovery requests and responses thereto shall be served upon all parties, including the Commission Investigative Attorney, but shall not be served on the Administrative Law Judge unless they are pertinent to a motion. Discovery documents need not be served on the Office of the Secretary of the Commission unless they are appended to motions.

4.4 Timing of Discovery Requests, Responses and Objections.

4.4.1 Depositions; Notice.

In addition to the requirements of Commission Rule 210.28(c), unless otherwise ordered, any party desiring to take a deposition shall give notice in writing to every other party of not less than **ten (10) days** if the deposition is to be taken of a person located in the United States, or of not less than **fifteen (15) business days** if the deposition is to be taken of a person located outside the United States. No party shall notice the deposition of a party witness without first consulting with the opposing party and the Staff regarding the availability of witnesses and counsel for the deposition.

4.4.1.1 Live Testimony

It is urged, particularly on crucial contested issues, that the parties consider whether such testimony would better be presented at the hearing for the Administrative Law Judge's evaluation of witness demeanor, rather than by deposition transcript.

4.4.1.2 Definition of "Party"

With respect Commission rule 210.28(h)(2), which relates to the use of any deposition of a party, unless the parties agree to the contrary, the Administrative Law Judge interprets the term "party" to include depositions taken of a party under F.R.C.P. 30(b)(6).

4.4.1.3 Depositions as Evidence

Deposition transcripts may be received into evidence for substantive purposes by the Administrative Law Judge pursuant to Commission rule 210.28(g) and (h). If depositions are to be offered into evidence for substantive purposes, i.e., other than for impeachment purposes, the offering party must specifically designate the respective pages of the deposition to be relied on no later than the date set for submission of documentary exhibits. All of the designated pages shall be offered together into evidence as a single documentary exhibit and all portions of a deposition not designated shall be deleted. If objections requiring a ruling by the Administrative Law Judge were made during a deposition, such objections shall be also referenced. Any deposition offered into evidence shall have been signed by the deponent unless it is clear from the deposition that the deponent has waived the signing.

The parties may submit deposition transcripts offered as substantive evidence as joint documentary exhibits provided an agreement has been reached among all private parties and the Staff that such deposition transcripts should be submitted as joint documentary exhibits and offered as substantive evidence. If a deponent testifies at the hearing, such witness' deposition transcript is not admissible as substantive evidence, unless it meets the requirements of Commission rule 210.28(h). In addition, portions of the deposition transcript may be read into the record where the witness has testified, the witness is still on the witness stand and a party seeks to impeach such witness's direct testimony during cross-examination. See also Commission rule 210.28(h)(4).

4.4.1.4 Multiple Depositions of One Party

A party must obtain leave of the Administrative Law Judge, which shall be granted to the extent consistent with the principles stated in Commission rule 210.27, if without the written stipulation of the parties, the person to be examined already has been deposed in the investigation.

4.4.1.5 Objections During the Deposition

There shall be no speaking objections made during the course of a deposition. To prevent coaching and to prevent wasting the deponent's time, counsel shall briefly state the basis for any objection made, and either allow the deponent to answer, or instruct the witness not to answer if the answer would reveal privileged information.

4.4.2 Interrogatories; Deadline for Responses and Objections.

In addition to the requirements of Commission Rule 210.29(b), unless otherwise ordered, the party upon whom interrogatories have been served shall serve a copy of the answers, and any objections, within **ten (10) days** after the service of the interrogatories.

4.4.3 Requests for Production of Documents or Things or for Entry Upon Land; Deadline for Responses and Objections.

In addition to the requirements of Commission Rule 210.30(b)(2) with respect to a request for the production of documents or things, or to permit entry upon land, unless otherwise ordered, the party upon whom a request has been served shall serve a written response within **ten (10) days** after the service of the request.

4.4.4 Request for Admission; Period for Service; Deadline for Responses and Objections.

In addition to the requirements of Commission Rule 210.31(a) and (b), unless otherwise ordered, a request for admission may be served at anytime **twenty (20) days** after the date of service of the complaint and notice of investigation. Unless otherwise ordered, a party upon whom a request for admission has been served, shall serve an answer or objection within **ten (10) days** after the service of the request, otherwise the matter may be deemed admitted.

4.4.5 Discovery Cutoff and Completion.

All discovery requests, including without limitation requests for admissions, must be initiated in sufficient time prior to the fact discovery cutoff and completion date so that the responses will be due prior to that date within the time periods set forth above. Discovery requests by any party that would require responses after the fact discovery cutoff and completion date must be approved in advance by the Administrative Law Judge upon a showing of compelling circumstances.

4.5 Interrogatory Limitation.

Without leave of the Administrative Law Judge or written stipulation, any party may serve upon any other party written interrogatories not exceeding 175 in number including all discrete subparts. Leave to serve additional interrogatories shall be granted by the Administrative Law Judge upon a written motion showing good cause.

4.6 Subpoenas.

Subpoenas may be used to compel third parties to testify or produce documents. Hearing subpoenas may be issued only if the subpoenaed party refuses to testify.

4.6.1 Issuance and Service

Pursuant to Commission rule 210.32, application for subpoena may be made ex parte to the Administrative Law Judge. The application shall be in writing with the proposed subpoena attached, and one (1) copy thereof submitted to the office of the Administrative Law

Judges. The application shall set forth with specificity the relevancy of the information sought and the reasonableness of the scope of the inquiry. In addition, the subpoena should set forth a time limit for a motion to quash and should also state that the subpoena will be served by overnight delivery, if not sooner. Any dates in a subpoena set for appearance of a deponent or production of documents should take into account the date set for the filing of any motions to quash.[4] A copy of the issued subpoena and the application shall be served by the applicant upon the subpoenaed party and all other parties to the investigation on the next business day, at the latest, after the subpoena is issued, and all parties including the subpoenaed party shall be notified on that day about the contents of the subpoena. One (1) copy of the issued subpoena, the application, and the proof of service to the subpoenaed party shall be supplied to the Administrative Law Judge. Samples of subpoenas are attached in **Appendix A** hereto. The application and subpoena need not be filed with or served on the Office of the Secretary of the Commission, including EDIS, unless they are appended to a motion to quash or motion for a protective order.

4.6.2 Enforcement

Should enforcement of a subpoena be necessary, a motion for enforcement should be addressed to the Administrative Law Judge by motion for his certification. Upon favorable consideration by the Administrative Law Judge, the motion will be certified to the Commission for consideration.

4.6.3 Subpoenas for Hearing Testimony

Subpoenas procured by a party for hearing testimony should be procured for a time that minimizes delay to said witnesses. Moreover, before submitting any subpoena for signature, the party should check with the other parties whether the person who is being subpoenaed will be at the hearing.

4.6.4 Motions to Quash

Filing of any motion to quash an issued subpoena automatically stays such subpoena pending disposition of the motion to quash by the Administrative Law Judge.

4.7 Bates Numbering

If documents produced by any supplier in response to a document request are furnished to the requester as copies of original documents, every page of every such document shall be numbered sequentially by a unique number (commonly known as a "Bates number"). The Bates number shall appear stamped on the lower right-hand corner of the page.

---

[4] In past investigations parties frequently set appearance or production dates prior to a period set for a motion to quash, which should not be done.

4.8 Translations

All documents produced in response to a document request shall be the original or true complete copies of originals. If an English translation of any document produced exists, the English translation shall be produced. If any of the parties dispute the translation provided by the producing party, then the translation must be certified by a qualified and neutral translator upon whom counsel can agree.

4.9 Privileged Matter.

In order to expedite discovery, the following procedure shall be followed with respect to those documents for which counsel claims privilege (attorney-client or work product).

4.9.1 Privileged Document List.

If production of any document is withheld on the basis of a claim of privilege, each withheld document must be separately identified via a privileged document list.[5] The privileged document list shall be supplied, unless otherwise ordered, within ten (10) days after objections based on privilege to the underlying document requests are due. The privileged document list must identify each document separately, specifying for each document at least the following: (1) the date; (2) the author(s)/sender(s); (3) the recipient(s), including copy recipient(s); and (4) the general subject matter of the document. The sender(s) and recipient(s) shall be identified by position and entity (corporation or firm, etc.) with which they are employed or associated. If the author/sender or recipient is an attorney or foreign patent agent, he or she shall be so identified. The type of privilege claimed must also be stated, together with certification that all elements of the claimed privilege have been met and not waived with respect to each document.

4.9.2 Motion to Compel Production of Privileged Matter.

Any party seeking production of allegedly privileged documents shall file an appropriate motion only after examining the privileged document list.

The Administrative Law Judge is aware that, often times, parties agree that production of a privilege log is not necessary. The Administrative Law Judge finds such an agreement to be acceptable; however, if such an agreement is in force, the Administrative Law Judge will not consider any motions involving privileged documents.

4.10 Verification

Sworn verification of the responses to interrogatories and requests for admissions must be served with the respective responses on the date said responses are due. Where necessary, such verification may be in the form of a facsimile transmission and should be followed with hard copy submissions.

5. Notice of Prior Art

Parties must file on or before the date set in the procedural schedule, notices of any prior art consisting of the following information: country, number, date, and name of the patentee of any patent; the title, date and page numbers of any publication to be relied upon as anticipation of the patent in suit; or as showing the state of the art, and the name and address of any person who may be relied upon as the prior inventor or as having prior knowledge of or as having previously used or offered for sale the invention of the patent in suit. Such notices should include the information set out in 35 U.S.C. § 282.

If a trademark is involved, the parties must filed on or before the date set in the procedural schedule, notices of any art on which a party will rely at the hearing regarding the functionality or non-functionality of any trademarks at issue.

In the absence of such notice, proof of the said matters may not be introduced into evidence at the hearing except upon a timely written motion showing good cause.

5A. *Markman* Hearing on Claim Construction

If the Administrative Law Judge determines that a *Markman* hearing would be beneficial to the investigation, the Administrative Law Judge may conduct a *Markman* hearing on the date set forth in the procedural schedule for the purpose of construing any disputed claim terms of the patents at issue in the investigation. The parties and the Staff shall meet and confer on these issues no later than ten (10) days before the *Markman* hearing in order to reduce the number of disputed claim terms to a minimum. Before the *Markman* hearing, each party and Staff shall file with the Administrative Law Judge, jointly or separately, by the date set forth in the procedural schedule, a short written statement of its interpretation of each of the remaining disputed claim terms together with its support for each interpretation as a matter of ordinary meaning, or as derived from the claims, specification, or prosecution history of the patent(s) at issue, or from extrinsic evidence.[6] Rebuttal briefs may also be filed by the date set forth in the procedural schedule. After the *Markman* hearing, the parties shall submit a joint chart, by the date set forth in the procedural schedule, setting forth their post-hearing constructions. Afterwards, the Administrative Law Judge will issue an order construing the

disputed claims for the purposes of this Investigation. Thereafter, discovery and briefing in this investigation shall be limited to that claim construction.

6. Expert Witnesses and Reports

On or before the dates set forth in the procedural schedule, a party shall disclose to other parties the identity of any person who is retained or employed to provide expert testimony at the hearing and shall provide to the other parties a written report prepared and signed by the witness. One (1) courtesy copy of the report shall be served on the Administrative Law Judge on or before the date set forth in the procedural schedule. The report shall not be filed with the Office of the Secretary of the Commission.

The report shall contain a complete statement of all opinions to be expressed and the basis and reasons therefor; the data or other information considered by the witness in forming the opinions; any exhibits to be used as a summary of or support for the opinions; the qualifications of the witness, including a list of all publications authored by the witness within the preceding ten years; the compensation to be paid for the study and testimony; and a listing of any other cases in which the witness has testified as an expert at hearing or by deposition within the preceding four years. The parties shall supplement these disclosures as needed in the manner provided in Commission Rule 210.27(c).

7. Settlement

All parties, throughout the duration of the proceedings, shall explore reasonable possibilities for settlement of all or any of the contested issues. All parties shall certify in their Pre-hearing statements that good faith efforts were undertaken to settle the remaining issues. Additionally, for each of the required settlement conferences provided for in the procedural schedule, the parties shall provide the Administrative Law Judge with two copies of a joint report signed by all the parties setting forth any stipulations on which the parties have agreed. These reports are due by the time designated in the procedural schedule or within such other time as the Administrative Law Judge may allow. The reports shall not be filed with the Office of the Secretary of the Commission.

8. Pre-hearing Submissions

Each party who desires to participate in the final hearing in this investigation and any ultimate hearing on a motion for temporary relief must file a pre-hearing statement with the Office of the Secretary on or before the date ordered in the procedural schedule. As noted in Ground Rule 1.3.1, only the Administrative Law Judge's courtesy copies may be printed on double-sided pages. Said pre-hearing statement should contain the following information (a general outline is set forth in **Appendix B** hereto)**:**

(a) Table of contents and, where applicable, a table for any annotated authorities.

(b) The names of all known witnesses, the order in which the witnesses are to be called for testifying, their addresses, whether they are event witnesses or expert witnesses, the area of expertise of each witness and a synopsis of each witness' testimony.

(c) A list of all exhibits which the parties will seek to introduce at the hearing.

(d) A list of any stipulations on which the parties have agreed. For agreement there has to be some contact amongst the parties about any stipulation prior to submission of the pre-hearing statement. Parties are encouraged to stipulate to non-controversial facts.

(e) When the alleged unfair act involves a U.S. patent, a statement, as to each claim in issue, indicating how a party wants the language to be interpreted and the basis in detail for that interpretation. Moreover, if there is a dispute as to the interpretation of any language in a claim each party should state what the dispute is, and why it wants the Administrative Law Judge to accept the interpretation the party wants and not the interpretation advocated by an opposing party. If there are words in any claim which are not in dispute, the party should so represent. If a party in a pre-hearing statement does not raise an issue as to a word in each claim in issue, the Administrative Law Judge will take the position that the party will have no objection as to how said word is interpreted by the Administrative Law Judge.

(f) A statement of the issues to be considered at the hearing that sets forth with particularity a party's contentions on each of the proposed issues, including citations to legal authorities in support thereof. Any contentions not set forth in detail as required herein shall be deemed abandoned, or withdrawn, except for contentions of which a party is not aware and could not be aware in the exercise of reasonable diligence at the time of filing the pre-hearing statements. Pursuant to this requirement, each of the parties and the Staff shall take a position on the issues it is asserting no later than the filing of its pre-hearing statement. With respect to alleged infringement of every asserted claim of a U.S. patent – including, if applicable, any allegations of direct infringement, contributory infringement, active inducement of infringement, literal infringement and infringement through equivalents (if applicable) – the party should take a position as to

each claim in issue with respect to why each accused product does or does not so infringe and state in detail its basis.

(g) If it is the position of the party that it may want to hear live testimony at the hearing before taking a position as to how certain words of each claim in issue should be interpreted, said position should be made clear and the reasons set forth as to why a party needs to hear live testimony before taking a position. In view of the opportunity for discovery, it is expected that it is a rare instance when a party cannot take a position on claim interpretation before a hearing. Moreover, the parties should be aware of their burdens of proof and accordingly, if a party who has a burden does not believe it can sustain its burden at the hearing, appropriate action should be taken by the party before the hearing.

(h) A discussion by any party relying on prior art of the specific applicability of each citation of prior art to each of the claims in issue, citing the specific portion of the prior art referred to, e.g., by page and column, etc. If a piece of art is not applied, it is no longer considered pertinent.

(i) A proposed agenda for the pre-hearing conference.

(j) Estimated date and approximate length for appearance of any live witnesses at the hearing (all parties who will appear at any hearing should confer on estimated dates and approximate length prior to submission of their pre-hearing statements).

(k) A statement as to the use of depositions. Deposition transcripts may be received into evidence for substantive purposes by the Administrative Law Judge pursuant to Commission rule 210.28(g) and (h). If depositions are to be offered into evidence for substantive purposes, i.e., other than for impeachment purposes, the offering party must specifically designate the respective pages of the deposition to be relied on no later than the date set for submission of documentary exhibits. The designated pages shall be offered into evidence as a documentary exhibit pursuant to ground rule 12(ii)(a), i.e., all pages designated from a given deposition shall be offered together as a single documentary exhibit and all portions of a deposition not designated shall be deleted. If objections requiring a ruling by the Administrative Law Judge were made during a deposition, such

objections shall be also referenced. Any deposition offered into evidence shall have been signed by the deponent unless it is clear from the deposition that the deponent has waived the signing.

(l) A statement as to whether a party wishes to make an opening argument and a closing argument. This should also include a statement on whether a party desires to make a closing argument at the end of the hearing or after the Administrative Law Judge has received the parties' post-hearing submissions. Whether opening and closing arguments are had is discretionary with the Administrative Law Judge.

9. Hearing Exhibits

9.1 Material To Be Received Into Evidence

Only factual material and expert opinion shall be received into evidence. Legal argument shall be presented in the briefs.

9.2 In Camera Treatment of Confidential Information

Each party shall reassess the confidentiality of documents so designated prior to their offer into evidence at the hearing. Information submitted as confidential business information during discovery may be received in camera in the evidentiary record only in accordance with the following procedures:

(a) Each party, before submitting its own documents as proposed exhibits in accordance with the schedule for pre-hearing submissions set forth in the procedural schedule, shall re-evaluate the confidential nature thereof and, only where appropriate, stamp the proposed exhibit "In Camera," or equivalent language pursuant to Commission rules.

(b) Where documents of a supplying party are included among the proposed exhibits of another party, the supplying party, shall re-evaluate the confidentiality thereof and, only where appropriate, notify the party proposing use of the document as an exhibit that upon re-evaluation the document should be re-designated as "In Camera," or equivalent language, no later than the last business day before the pre-hearing conference.

(c) In each such case under (a) and (b) above where a proposed exhibit is designated "In Camera," or equivalent language, the

party making such designation shall submit a written declaration from a person knowledgeable thereof giving the basis for such confidential designation. The declaration must provide facts indicative that the subject matter claimed to be confidential in the exhibit has been kept confidential and has not been disclosed to the public in form or in substance, and that the information sought to be protected as confidential is not readily ascertainable by others from public sources. The declaration shall also provide facts indicative that the information sought to be protected as confidential is of current or future significant commercial value. Confidential business information is defined in Commission rule 201.6(a).

(d) If there are categories or types of exhibits for which there rationally can be a knowledgeable, unitary statement of justification for confidential treatment, then such a unitary statement may be made for such categories of confidential material. Parties, however, should strive to keep as much of the record public as possible. For example, a party in an attempt to justify the confidential status of certain documents, may not protect information as confidential merely by submitting a unitary statement which merely characterizes the documents as "marketing documents" or "sales documents." The declaration required shall be submitted on a date set in the procedural schedule to be issued after the preliminary conference.

(e) Where an exhibit contains both confidential and non-confidential information, the party marking such designation shall set off in brackets the specific information which is considered confidential (unless the nature and extent of the non-confidential information contained in the exhibit is such that disclosure would not meaningfully supplement the public record, in which case the party may designate the entire exhibit confidential).

(f) In the case of information from a non-party to this investigation which has been received as confidential business information under the terms of the protective order, if it is offered as a proposed exhibit by a party, it shall be stamped "In Camera," or with equivalent language.

(g) Only proposed exhibits bearing the stamp "In Camera" or equivalent language at the commencement of the hearing will be accorded confidential treatment under the terms of

the Protective Order, if and when they are received into the record at the hearing. The Administrative Law Judge or the Commission may place such information on the public record upon a finding that it is not confidential business information, or that its disclosure is necessary for the proper disposition of the proceeding, as provided in paragraph 2 of the Protective Order. Any party who has supplied information designated as confidential bears the burden of proof as to the confidentiality thereof.

(h) Identification of exhibits subject to the protective order should carry a number followed by "C".

(i) During an evidentiary hearing it is imperative that the private parties monitor what should or should not be a part of the public transcript. Failure to do so could remove the confidential designation from an exhibit.

9.3 Legal Experts.

Legal experts may only testify as to procedures of the U.S. Patent and Trademark Office.

9.4 Witness Testimony

9.4.1 Witness Statements in Lieu of Direct Testimony

All direct witness testimony, with the exception of adverse witnesses, shall be made by witness statements in lieu of live testimony. Staff may, however, ask the witness supplemental direct testimony on the witness stand. Witness statements shall be marked and offered into evidence as exhibits and witnesses shall be available for cross-examination on the witness stand unless waived. Witnesses will not read their prepared testimony into the record.

9.4.1.1 Cross-examination of Witnesses Relying on Witness Statements

Witnesses whose direct testimony or rebuttal testimony is in exhibit form (witness statements) shall be available for cross-examination unless waived. Such witnesses shall have available work papers used in preparing the exhibits. Witnesses should not read their prepared testimony into the record.

9.4.1.2 Witness Statements Must Reflect Witness's Testimony

A witness statement is to reflect the testimony of the witness and not that of counsel or

other persons. If there appears to be good cause for belief that a witness statement does not comply with this requirement, voir dire examination may be allowed at the discretion of the Administrative Law Judge to determine whether the witness statement is based on the witness' own knowledge and testimony. Should the Administrative Law Judge determine that the witness statement is not in compliance with this requirement, the Administrative Law Judge, in his discretion, may direct testimony of the witness or portions thereof be stricken from the record.

9.4.1.3 Witness Statement Format

A witness statement shall contain separately numbered questions which are asked by counsel, with each question followed by the witness' own answer to that question, and with the final question from counsel asking the witness whether or not the witness statement contains the witness' answers to the questions from counsel, followed by the witness' answer to this question. In any witness statement, counsel should not provide the substance of an answer.

9.4.1.4 Language of Witness Statement

A witness statement may be in the language of the witness. However a foreign language witness statement shall be accompanied by a translation thereof. If any of the parties dispute the translation, then the translation must be certified by a qualified and neutral translator upon whom counsel can agree.

9.4.2 Witness Summary

With respect to witnesses who will give live direct testimony, each party offering such a witness should submit a witness summary, which summary is to be served on the parties at the same time as the exhibits and which summary should outline the topics upon which the witness intends to testify. Said summary is not to be marked as an exhibit and is not to be confused with a witness statement. The purpose of the summary is to prevent surprise at the hearing.

9.5 Technical Expert Testimony

Qualified expert opinion testimony on technical issues may be offered by the parties to the extent that such testimony is likely to assist the Administrative Law Judge in the understanding of evidence or in the determination of a fact in issue. Expert opinion testimony will not be received on the legal standards applicable to any patent and/or trademark issues.[7] A witness' ultimate conclusion should be supported by a detailed testimony of the witness' reasons for that conclusion.

---

[7] Legal precedent should be argued in the post-hearing briefs.

9.5.1 Expert Reports

Pursuant to the procedural schedule, each party, including the Staff, should submit to the Administrative Law Judge, after conferring with each other, two copies of a statement[8] stating its position on whether or not it intends to offer into evidence any expert reports, and identifying any such expert reports. While the Administrative Law Judge does not normally admit expert reports into the record as substantive evidence,[9] he will consider such a request on a case by case basis.

9.6 Complaint and Responses to the Complaint

Complaints and responses to the complaint, as well as exhibits thereto, may be offered as evidence if marked as exhibits. Whether same is received into evidence is discretionary with the Administrative Law Judge.

9.7 Foreign Language Exhibits

No foreign language exhibit will be received into evidence for substantive purposes unless a translation thereof is provided at the time set for exchange of exhibits. If any of the parties dispute the translation, then the translation must be certified by a qualified and neutral translator upon whom counsel can agree.

9.8 Exhibits.

9.8.1 Exchange of Proposed Exhibits Among Parties.

Copies of documentary proposed exhibits, along with a proposed exhibit list shall be served on the opposing parties (including the Staff) on the date ordered in the procedural schedule. Once the parties have exchanged their proposed exhibit lists, they shall eliminate any duplicative exhibits or renumber such exhibits as joint exhibits and update their exhibit lists before they are submitted to the Administrative Law Judge by the due date in the procedural schedule. Proposed physical and demonstrative exhibits need not be served, but shall be identified in the proposed exhibit list. Proposed physical and demonstrative exhibits, however, must be made available for inspection by the other parties on the date established for the submission and service of proposed exhibits. Proposed exhibits shall not be filed with the Office of the Secretary of the Commission.

---

[8] Said statement should not be filed with the Commission.

[9] Exhibits and/or attachments to the expert report may be admitted to the extent they are discussed during the expert's testimony.

9.8.2 Service of Proposed Exhibits Upon Administrative Law Judge.

On the date that is set forth in the procedural schedule, the Administrative Law Judge shall receive (1) a set containing each proposed exhibit in an individual folder (which will be used for scanning purposes),[10] (2) another full set of proposed exhibit copies in loose-leaf binders (which will be used by the Administrative Law Judge during and after the hearing), and (3) an electronic PDF version of all proposed exhibits, along with a proposed exhibit list. Clear photocopies may be used instead of original documents.

9.8.3 Format of Original and Binder Exhibit Sets.

In order to facilitate the optical scanning of the exhibits, the exhibits in the original set shall consist of loose sheets (which may be clipped but not stapled) in folders (file folders, accordion folders, etc.) that are provided in sequentially-numbered boxes. Each folder must be labeled to reflect the number of the exhibit contained therein, *e.g.*, RX-14C. In each of the boxes of the original exhibit set, the folders containing the exhibits shall be placed in numerical order. Alternatively, parties may submit this set of exhibits electronically, in accordance with Ground Rule 9.9.

The exhibits in the Administrative Law Judge's binder sets shall be individually tabbed, with each tab reflecting the number of the corresponding exhibit, *e.g.*, CX-3C. Each binder must be labeled on its spine with the name and number of the investigation and the nature of the contents of the binder, *e.g.* Complainant's Exhibits CX-1 through CX-18C. The exhibits in the Administrative Law Judge's binder set may be printed on double-sided pages.

9.8.4 Maintenance and Filing of Final Exhibits and Final Exhibit List.

Each party must submit a final exhibit list prepared in accordance with Ground Rule 9.8.7 reflecting the status of all exhibits, including those admitted and rejected during the hearing on the same date that the post-hearing briefs are due. Any withdrawn exhibit shall be identified on the final exhibit list only by exhibit number and shall indicate that it is withdrawn.

The parties are responsible during the course of the hearing for updating the exhibit lists and for maintaining and updating the original set of exhibits, which shall become the set that is filed with the Commission after the record is closed, as well as for confirming that all admitted and rejected exhibits are included among the Commission exhibits and the final exhibit list at the conclusion of the hearing. Any exhibits that are not included with the Commission exhibits and the final exhibit list at the conclusion of the hearing will not be considered as part of the record to be certified to the Commission when the final initial determination issues.

---

[10] In the alternative, parties may submit the original folder set electronically pursuant to Ground Rule 9.9.

Alternatively, parties may submit this set of exhibits electronically, in accordance with Ground Rule 9.9.

9.8.4.1 Binder Exhibit Set for the Office of General Counsel

In addition, no later than thirty (30) days after the submission of post-hearing reply briefs, each party shall deliver one additional binder set of copies of all except withdrawn exhibits directly to the Office of General Counsel along with a final exhibit list, with rejected exhibits submitted under separate cover and so marked. In the alternative, the parties may submit this set electronically pursuant to Ground Rule 9.9.

9.8.5 Numbering and Labeling of Exhibits.

9.8.5.1 Documentary Exhibits

Written exhibits shall be marked serially commencing with the number "1" and preceded by the prefix "CX" for Complainant's exhibits, "RX" for Respondent(s)' exhibits, "SX" for the Commission Investigative Attorney's exhibits, and "JX" for any joint exhibits. The parties shall not "reserve" numbers, but instead shall assign all numbers in consecutive sequence.

9.8.5.2 Confidential Exhibits

If an exhibit contains confidential business information a "C" shall be placed after the exhibit number. Furthermore, exhibits containing confidential business information shall be so designated pursuant to the Protective Order. In addition, on any exhibit list submitted, exhibits which contain confidential business information shall be denoted by placing a "C" after the exhibit number in the listing. No exhibit list shall contain confidential information; all exhibits lists shall be public documents.

9.8.5.3 Numbering; Labeling

Each exhibit shall be marked by placing a label bearing the exhibit's number (*e.g.*, CX-3C or RX-5) in the upper right portion of the exhibit's first page. Further, the pages of each exhibit must be sequentially numbered in a consistent location on the pages.

Respondent(s) shall coordinate their numbering to avoid duplication in numbering. Additionally, the parties shall coordinate exhibits to avoid unnecessary duplication (*e.g.*, patents; file wrappers). *See* Ground Rule 9.8.1. Further, all exhibits or copies of exhibits shall be clear and legible. Lastly, each exhibit may be assigned no more than one number.

9.8.5.4 Physical Exhibits

Physical exhibits shall be numbered in a separate series commencing with "1" preceded

by the prefixes "CPX", "RPX", "SPX" and "JPX", for Complainant, Respondent, the Staff, and joint exhibits, respectively. Confidential exhibits shall be denoted with the letter "C" as in the case of documentary exhibits.

9.8.5.5 Demonstrative Exhibits

Demonstrative exhibits shall be numbered in a separate series commencing with "1" preceded by the prefixes "CDX", "RDX", and "SDX", for Complainant, Respondent(s), and the Staff, respectively. Confidential exhibits shall be denoted with the letter "C". Additionally, the parties shall provide the Administrative Law Judge with two (2) copies of key demonstrative exhibits (*e.g.*, charts, drawings, etc.) reduced to 8 ½ inches x 11 inches. Demonstrative exhibits shall indicate what documentary and/or physical exhibit was the source for its creation, if applicable.

9.8.5.6 Joint Exhibits; Deposition Transcripts as Joint Exhibits

If agreed to by the parties, the parties may submit joint documentary exhibits, including for example, a patent in issue, prosecution history, etc.

The joint documentary exhibits shall include an index which identifies the parties that have submitted each joint exhibit and should be arranged based on the various groups offering such exhibits. For example, if complainant and respondent A have offered a series of joint documentary exhibits, said exhibits would appear as the first group of joint documentary exhibits in the joint documentary exhibit index. The index would then include all joint documentary exhibits offered by complainant and respondent B, then joint documentary exhibits offered by complainant and respondent C, etc.

The joint documentary exhibits, as to deposition transcripts, shall include an index indicating the page(s) and line number(s) for each portion of deposition transcript offered.

In addition to the index to the joint documentary exhibits, the parties should indicate whether there are any outstanding objections to the portions of the deposition transcript(s) offered as substantive evidence and whether the parties request that the Administrative Law Judge issue a ruling on such objections.

9.8.6 Public and Confidential Exhibits.

If any portion of an exhibit contains confidential business information, the entire exhibit shall be treated as confidential. For certain lengthy exhibits of which only portions are confidential, the parties may be asked to submit a public version of the exhibit. In the original exhibit set only, confidential exhibits and public exhibits shall be placed in separate boxes which are clearly marked as containing either confidential or public exhibits. Because public and confidential exhibits are to be placed in separate boxes, numerical gaps may appear in each box,

e.g., the public box may contain exhibits CX-1, CX-2 and CX-4, while the confidential box contains CX-3C and CX-5C. Alternatively, parties may submit this set of exhibits electronically, in accordance with Ground Rule 9.9. In that case, separate discs shall be submitted for public and confidential exhibits.

The exhibits in the binder sets shall be in consecutive numerical order, and shall not be separated according to confidential or public status.

9.8.7 Exhibit Lists.

Every exhibit list shall consist of a table enumerating all exhibits serially by exhibit number and identifying each exhibit by a descriptive title, a brief statement of the purpose for which the exhibit is being offered in evidence, the name of the sponsoring witness, and the status of receipt of the exhibit into evidence.

In the case of joint exhibits, every exhibit list shall identify such exhibits, and the parties shall meet and confer before submitting the lists to agree upon a common descriptive title, statement of purpose, and sponsoring witnesses that shall appear on every list for each joint exhibit (*see* Ground Rule 9.8.1).

In any exhibit list submitted prior to the offer of any exhibit into evidence, the entry in the column for the status of receipt shall be left blank. In any exhibit list submitted after the exhibit is offered into evidence or withdrawn, the entry in that column shall show the date of admission into evidence or rejection of the exhibit or shall indicate its withdrawal.

Exhibit lists shall include public and confidential exhibits, and shall list all exhibits together in numerical order, *e.g.*, CX-1, CX-2, CX-3C, CX-4, CX-5C, etc.

9.8.8 One Document Per Exhibit; All Pages Paginated and/or Bates-numbered.

Except for good cause shown, each exhibit shall consist of no more than one document and every page of every document shall be paginated and/or Bates numbered in accordance with Ground Rule 4.7 above. Exceptions to this "one document per exhibit" rule include instances when it would be appropriate to group certain documents together as one exhibit, such as a group of invoices or related e-mails.

9.8.9 Witness Exhibit Binder.

In examining witnesses on direct during the hearing, counsel shall provide the witness, the Administrative Law Judge, and other counsel, just prior to the commencement of the examination of each witness, a binder (or binders) containing all the exhibits in numerical order, and individually tabbed, that the examining attorney intends to use with that witness.

In examining adverse witnesses, or cross-examining witnesses, counsel shall provide the witness, the Administrative Law Judge, and other counsel, just prior to the commencement of the examination of each witness, with a binder containing all exhibits, in numerical order, and individually tabbed, to be used in the examination of the witness.

Each witness binder must be labeled on its spine with the name and number of the investigation and the nature of the contents of the binder, e.g. Cross-Examination of Witness - Volume 1 of 1.

In addition, the front of the witness binder must include a table of all exhibits to be used in the examination of the witness with a blank column entitled "Received Into Evidence" or having similar language.

If there are certain exhibits (*i.e.* patent, prosecution histories) that will be used frequently with more than one witness, a separate exhibit binder containing those exhibits may be used with those witnesses and do not have be included in the separate witness binder for each witness.

9.8.10 References for Exhibit.

If it is appropriate, exhibits shall cite sources of information and methods employed in formulating accounting, economic or other types of data. Rebuttal exhibits, if submitted, shall refer specifically to exhibits being rebutted.

9.8.11 Authenticity.

All documents that appear to be regular on their face shall be deemed authentic, unless it is shown by particularized evidence that the document is a forgery or is not what it purports to be.

9.8.12 Sponsoring Witness.

Each exhibit that is offered into evidence shall have a "sponsoring witness." One of the purposes of having a sponsoring witness associated with an exhibit it to establish a foundation for the exhibit and to prevent exhibits from coming into the record that have no explanation regarding it. Sponsoring witness testimony does not necessarily have to be in the form of live testimony if all parties (Complainant(s), Respondent(s) and Staff) are in agreement to allow otherwise. For example, if parties are willing to stipulate and agree to designate portions of deposition testimony into the record in lieu of live testimony, along with certain exhibits that were discussed during the deposition, such request will generally be permitted, as long as the exhibit was clearly identified and discussed during the deposition and that the deposition pages discussing the exhibit are included in the designation.

Except in an investigation in which there is no participating Respondent, if a party believes evidence to be non-controversial and to be appropriate for receipt in evidence without a sponsoring witness, that party may present with each such exhibit on or before the due date set forth in the procedural schedule: (1) an affidavit or declaration that the declarant prepared or someone under the declarant's direction prepared the exhibit; (2) a request that the exhibit be received in evidence without a witness at the hearing; and (3) a statement of grounds for receiving the exhibit in evidence without a witness at the hearing. Any party who wishes to cross-examine the declarant may object in writing within three (3) days of service of the affidavit or declaration and request, specifying whom the party intends to examine. In the absence of objections, and upon good cause shown, the exhibit shall be received in evidence without a witness subject to the right of objection on other grounds.

9.8.13 High Priority Objections for Pre-hearing Conference.

Each party's objections to rebuttal and/or supplemental exhibits shall be accompanied by another submission listing and providing a narrative explanation of the objections to exhibits which the party believes to be of high priority for discussion and/or ruling at the Pre-hearing conference. The objections placed on the high priority list may be taken from the party's objections to direct, rebuttal and/or supplemental exhibits. No party shall place more than ten objections on the high priority list.

9.9 Filing of Exhibits by CD/DVD Media

9.9.1 Introduction

This ground rule defines the technical requirements which must be met in order to submit post-hearing exhibits via electronic media, rather than as paper copies. A party may still choose to submit the Dockets exhibit set in folder format as described in Ground Rule 9.8.3 (the original set). This is an additional option for parties to submit their Dockets exhibit set in electronic format; however, this is not a requirement, only an option.

On the same day that the initial post-hearing briefs are due, the exhibits shall be separated into: 1) Admitted Confidential; 2) Admitted Public; 3) Rejected Confidential; and 4) Rejected Public. Withdrawn exhibits are not to be submitted with the Dockets Exhibits Set (as explained in Ground Rule 9.8.4). Two sets of four CDs/DVDs or sets of CDs/DVDs shall be submitted to the Administrative Law Judge, with each CD or DVD being labeled as to what type of exhibits it contains (Admitted Confidential, Admitted Public, Rejected Confidential, Rejected Public). One set of CDs/DVDs will be forwarded to Dockets by the Administrative Law Judge, while the other set will be used by the Administrative Law Judge and/or forwarded to the Office of General Counsel when the initial determination is issued. The Rejected Exhibits will not be entered into the EDIS system but will be retained with the official record. Listed below are the ground rules specifying the technical requirements which firms must adhere to in order to submit post-hearing exhibits in electronic form.

9.9.2 Rules for Preparing Exhibit Files to be Submitted:

The following rules are laid forth for preparing the Dockets set of Exhibits as defined in Ground Rule 9.8.3 and 9.8.4. (the original or Commission set of exhibits).

(1) All files submitted as exhibits on the media must be in PDF format version 1.3 or higher. (Recommendation: Use Adobe Acrobat 7 Professional for conversion.)

(2) PDF size must be <10 MB in size. Files larger that 10 MB must be broken into individual parts which are less than 10 MB. (Recommendation: use ≤ 300 DPI on images inserted into documents.)

(a) If a file must be broken into individual parts, name the files in accordance with the standard naming convention set out in the Ground Rules, followed by the part number (*e.g.*, CX-1 part 1; CX-1 part 2, etc.).

(3) The following conversion settings should be used when converting files from standard word processing software to PDF format:

Converting Microsoft Word files to PDF (Adobe PDF ➞ Change Conversion Settings):

Settings tab:

Required:

a. Uncheck option "Attached source file to Adobe PDF"

b. Uncheck option "Add bookmarks to Adobe PDF"

c. Uncheck "Add links to Adobe PDF"

Recommended:

d. Check "Enable accessibility and reflow with Tagged PDF" (enables Section 508 compliance capabilities)

e. Set compatibility to Acrobat 6 (PDF 1.5) (Advanced Settings ➞ Compatibility)

Security tab:

Required:

f. Uncheck "Require a password to open the document"

Converting files from WordPerfect to PDF (File ➞ Publish to PDF ➞ Document):

Required:

a. Uncheck "Include hyperlinks"

b. Uncheck "Generate bookmarks"

(4) All files must have password protection disabled.

(5) An Optical Character Recognition (OCR) should be run on each file containing text. Once the PDF is created, run Document ➞ Recognize Text using OCR, to extract any

words that could be readable by a search engine.

(6) Each file should be named for the exhibit it contains, conforming to the rules set forth in Ground Rule 9.8.5.

9.9.3 Preparing the Electronic Media

All exhibit files created following the rules defined above must be transferred to electronic media following the guidelines defined below:

(1) All files for each category of exhibits must be copied onto separate DVD+R or CD media. Four separate DVDs/CDs or four separate sets of DVDs/CDs should be submitted, each one only containing Admitted Public, Admitted Confidential, Rejected Public or Reject Confidential files.

(a) If one CD cannot hold all the exhibit files for a category, multiple CDs per category can be created, but the sequence of the CDs should be identified accordingly on the label (*e.g.*, Disc 1 of 2). However, use of a DVD is preferred in such cases.

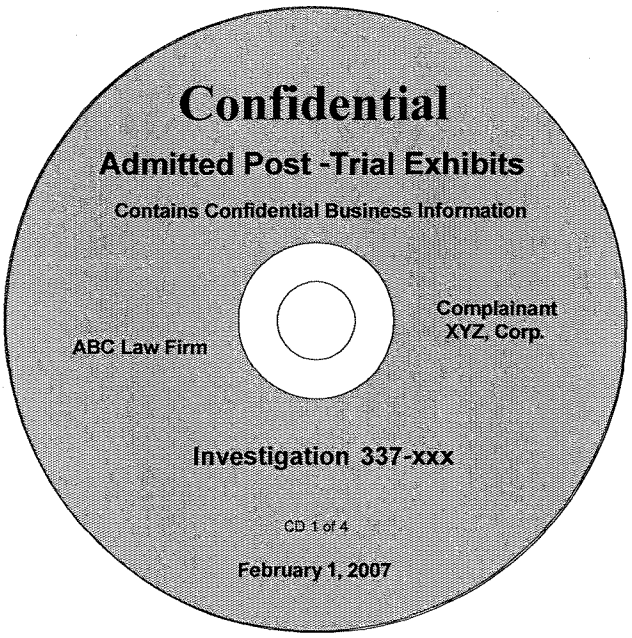
(2) Demonstrative Exhibits can be submitted on the same media with Hearing Exhibits, but the files should be labeled according to the defined naming conventions set forth in Ground Rule 9.8.5 (*e.g.*, RDX-xxxx).

(3) Animations or any type of macromedia automated presentation must be submitted separately as a physical exhibit. Animation files will not meet the PDF acceptance criteria of EDIS.

(4) All files should be written at the root directory level of the DVD/CD. No subdirectories should be created on the disc.

(5) A Table of Contents (TOC) file which lists the names of all files on the disc should be created and included on each disc.

(6) Each disc should be labeled with the Investigation Number, Security Level, Document Type (*e.g.*, Admitted Post-Hearing Exhibits), Party (*e.g.*, Complainant XYX Corp.), Firm (submitting the exhibits), and the Creation Date. Discs containing Confidential Business Information or Business Proprietary information should be clearly labeled as such. An example is shown below:



(7) Each DVD/CD should be checked to ensure it has been correctly created, labeled, and contains ONLY the desired content. It is the responsibility of the parties to ensure that if confidential information is present on a DVD/CD then that DVD/CD is marked in accordance with the Protective Order.

9.9.4 Delivery to Administrative Law Judge

The DVDs/CDs should be delivered to the Administrative Law Judge's office on the same day that initial post-hearing briefs are due.

10. Hearing Procedure

10.1 Hearing; Order of Examination.

The order of examination at the hearing is as follows (subject to alteration at the Pre-hearing conference or other changes in the discretion of the Administrative Law Judge):

(1) Complainant's Case-in-Chief.
(2) Respondent's Case-in-Chief (In the event there is more than one respondent, the order of presentation will be determined at the Pre-hearing conference. Respondents where possible should avoid unnecessary duplication of effort.)
(3) Commission Investigative Attorney's Case-in-Chief.
(4) Complainant's Rebuttal (Complainant's rebuttal, in the discretion of the Administrative

Law Judge, shall be limited to the scope of respondent's defense case.)

(5) Respondent's Rebuttal (Respondent's rebuttal, in the discretion of the Administrative Law Judge, shall be limited to the issues for which Respondent carries ultimate burden of proof.)

10.2 Opening Statement and Closing Argument.

The Administrative Law Judge normally does not schedule opening statements and closing arguments. Parties may request opening statements and closing arguments, which are to be held at the discretion of the Administrative Law Judge. If permitted, opening statements are brief and limited to one hour for the complainant, one hour for respondent(s), and thirty minutes for the Commission Investigative Staff and closing arguments are held after all post-hearing briefs have been submitted.

10.3 Hearing Hours.

Normal hearing hours are 9:00 a.m. to 5:00 p.m. with a one-hour luncheon recess, beginning each day at approximately 12:15 p.m.

10.4 Hearing Decorum.

10.4.1 Conversations at Hearing.

No cross conversation between opposing counsel will be permitted. Rather if counsel has anything to say to opposing counsel, such statement must be made through the Administrative Law Judge.

10.4.2 Reading Matter; Cell Phones and Beepers; Food and Beverages.

No reading of extraneous material will be permitted in the courtroom. Audible cell phone and beeper signals shall be turned off in the courtroom during hearing, and all cell phone calls must be taken outside of the courtroom. No food will be permitted in the courtroom during hearing, unless otherwise permitted by the Administrative Law Judge. Coffee and other beverages are permitted in the courtroom during the hearing.

10.4.3 Swearing of Witnesses.

When a witness is sworn, the witness shall remaining standing. All others in the hearing room must be seated and quiet.

10.4.4 Arguments on Objection.

Arguments or objections may only be made by counsel prior to a ruling. Once a ruling is made, no further discussion of the matter will be permitted.

10.5 Examination of Witnesses.

10.5.1 Scope of Examination; In General.

Except in extraordinary circumstances, examination of witnesses for Complainant's case-in-chief and Respondent(s)' case-in-chief shall be limited to direct, cross, redirect, and re-cross.

10.5.2 Scope of Cross-examination.

Cross-examination will be limited to the scope of the direct examination. For witnesses called for the purpose of giving testimony in support of a position on an issue that is the same as the position on that issue of a party desiring cross-examination of that witness, that party is precluded from asking that witness leading questions; *i.e.* "no friendly cross-examination."

When counsel is presenting a witness with a question that refers back to the witness's previous testimony, counsel shall refrain from summarizing the witness's previous testimony because this can lead to a time-consuming objection that counsel's summary was not an accurate recitation of the witness's previous testimony. If counsel wishes to refer back to a witness's previous testimony, counsel must use direct quotations.

10.5.3 Scope of Redirect and Re-cross Examination.

Redirect examination will be limited to matters brought out on cross-examination. Re-cross examination will be limited to matters brought out on redirect examination.

10.5.4 Coordination of Witnesses.

The parties are expected to coordinate examination of witnesses so as to allot appropriate time for examination of each of the witnesses within the total time allotted for the hearing.

10.5.5 Documents Presented to Witnesses.

Any document which counsel wishes to show to a witness must first be shown to opposing counsel.

10.5.6 Scope of Expert Witness Testimony.

An expert's testimony at the hearing shall be limited in accordance with the scope of his

or her expert report(s), deposition testimony, or within the discretion of the Administrative Law Judge.

10.5.7 Coordination of Respondents' Cross-examination.

Respondents shall coordinate cross-examination through one attorney as far as practicable to avoid duplication. If that is not possible, counsel who intends to cross-examine must be present in the hearing room during the entire preceding cross-examination of the witness so as not to engage in repetitive questioning.

10.5.8 Requests for Clarification of a Question.

Requests for clarification of a question only may come from the witness or the Administrative Law Judge.

10.5.9 Use of Translators.

If a translator will be used at hearing, the parties are responsible for obtaining one qualified, neutral translator upon whom counsel can agree. It is suggested that the translator be chosen from a list of approved translators, such as may be kept by various federal district courts or federal agencies. Translators will be sworn in.

10.5.10 Conferring with Witness during a Break in Testimony

Counsel shall not confer with a witness during a break in the witness's testimony on the witness's substantive testimony.

11. Post-Hearing Submissions

11.1 Initial Post-trial Briefs; Filing and Content.

On or before the date set forth in the procedural schedule, the parties shall file a post-trial brief together with proposed findings of fact and brief proposed conclusions of law. In addition, each party must submit a copy of its final exhibit list with its post-trial brief and proposed findings of fact and conclusions of law. The post-trial brief shall discuss the issues and evidence tried within the framework of the general issues determined by the Commission's Notice of Investigation, the general outline of the briefs as set forth in **Appendix B**, and those issues that are included in the pre-trial brief and any permitted amendments thereto. All other issues shall be deemed waived. A reasonable page limit will be imposed for all post-trial briefs, which will be determined on a case-by-case basis. As noted in Ground Rule 1.3.1, only the Administrative Law Judge's courtesy copies may be printed on double-sided pages, but the page limit shall still apply to each printed page.

11.2 Final Post-Hearing Exhibit List and Maintenance of Commission Exhibits

11.2.1 Final Exhibit Lists

Each party must submit, soon after the close of the evidentiary record at a time to be set by the Administrative Law Judge during the hearing, (1) a final exhibit list reflecting the status of all exhibits, including those admitted and rejected during the hearing, (2) a separate list of all confidential exhibits, and (3) a separate list of all public exhibits. Any withdrawn exhibit shall be identified on the final exhibit list only by exhibit number and shall indicate that it is withdrawn.

11.2.2 Commission Exhibits

The parties are responsible for maintaining the Commission exhibits during the course of the hearing, as well as confirming that all admitted and rejected exhibits are included among the Commission exhibits at the conclusion of the hearing. Any exhibits that are not included with the Commission exhibits at the conclusion of the hearing will not be considered as part of the record to be certified to the Commission when the final initial determination issues or, when the exhibits relate to a hearing on any pending motion for temporary relief, when the initial determination on temporary relief issues.

To facilitate the document imaging process, soon after the close of the evidentiary record, all parties will be required to segregate the Commission set of original exhibits into confidential and public exhibits. See Ground Rule 9.8.6 supra.

11.3 Development of Issues

Any issues of patent claim interpretation, including specific contentions for proposed interpretations or pertinent claim language, shall be fully developed at the hearing, in the post-hearing briefs and in the proposed findings of fact. Any economic issues to be tried – such as importation and sale, sufficiency of domestic activities, etc. – shall also be fully developed at the hearing and in the post-hearing submissions. In addition, unless the Administrative Law Judge provides otherwise by written order, the issues concerning permanent relief and bonding, including the appropriate remedy in the event that the Commission finds a violation of section 337 and the amount of the bond to be posted during Presidential review period shall be fully developed at the hearing, in the post-hearing briefs and in the proposed findings of fact.

11.4 Proposed Findings of Fact; Form and Content.

Following the close of the hearings, each party will submit proposed findings of fact, brief proposed conclusions of law, and a final revised exhibit list, with its post-hearing brief, and proposed rebuttal findings of fact with its reply brief. This Administrative Law Judge considers proposed findings of fact to be extremely critical.

11.4.1 Form of Findings of Fact

Proposed findings of fact should be in the form of numbered paragraphs and should collectively reflect all section 337 elements, all issues set forth in the Scope of Investigation of the Notice of Investigation, and any other issues that arose during the course of the investigation. Section headings should be used to set off proposed findings that relate to particular section 337 elements and issues. Separate section headings have included, where applicable: Jurisdiction, Private Parties, Products In Issue, Technical Background, Validity, Enforceability, Infringement, Passing Off, False Designation of Origin, Importation and Sale, the Domestic Industry, Effect of Substantial Injury, and/or Threat of Substantial Injury. The sections and sub-sections should reflect the issues in a given investigation.

11.4.2 Content of Findings of Fact

Proposed findings of fact and proposed rebuttal findings of fact must be assertions of fact only, without argument. Argument is appropriate to the post-hearing brief and reply brief. Proposed findings of fact relating to credibility of witnesses are appropriate.

The findings shall reflect all section 337 elements, all issues outlined in the notice of investigation, and any other issues that arose during the course of the investigation. Section headings consistent with the outline of the post-hearing brief may be used to set off paragraphs that relate to particular section 337 elements or issues. To be accepted without alteration, a proposed finding of fact must be an assertion of fact only (*i.e.*, without argument more appropriately placed in the post-hearing rief). Each proposed finding of fact must be followed with citations to supporting authority in the evidence. Examples of commonly used citations are as follows:

Transcript: Smith, Tr. 895 [Witness Name, Transcript page, Line number(s)]
Exhibits: CX 3; RX 5; SPX 2
Pleadings: Complaint ¶ 4, at 2; XYZ Corp. Response to Complaint ¶ 5, at 3.

11.5 Post-hearing Reply Briefs; Filing and Content.

On or before the date set forth in the procedural schedule, the parties shall file a post-hearing reply brief together with objections and rebuttals to the proposed findings of fact of each other party. The post-hearing reply brief shall discuss the issues and evidence discussed in the initial post-hearing briefs of each opposing party, following the general outline of the briefs as set forth in Appendix B. A reasonable page limit will be imposed on all post-hearing reply briefs, which will be determined on a case-by-case basis. As noted in Ground Rule 1.3.1, only the Administrative Law Judge's courtesy copies may be printed on double-sided pages, but the page limit shall still apply to each printed page.

11.6 Objections and Rebuttals to Proposed Findings of Fact; Form and Content.

A party's objections and rebuttals to proposed findings of fact of an opposing party shall repeat the text and citation to the record of the proposed finding of fact being objected to or rebutted and its paragraph number. Rebuttals shall assert only facts (*i.e.*, without argument more appropriately placed in the post-hearing reply brief), and must be followed with citations to the party's own proposed findings of fact or to other supporting authority in the evidence. Proposed findings of fact not objected to or specifically rebutted shall be deemed to have been admitted.

11.7 Coordination of Post-hearing Briefs

To the extent there is more than one complainant and/or respondent in an investigation, they should coordinate their efforts and submit a single brief for each side, *i.e.*, a single initial post-hearing brief for complainant(s) and a single initial post-hearing brief for respondent(s). Exceptions to this rule will be made on a case by case basis. This rule also applies to post-hearing reply briefs.

12. Citation of Cases

The official case reporter citation must be included for any published decision or order that is cited in a party's briefs or pleadings. Additionally, the docket number and the full date of the disposition must be included in the citation of any unreported decision or order that is referenced by the parties. A copy of any cited decision or order that is not available on LEXIS shall be provided in an appendix to the brief or pleading. Further, every party must cite to the specific page(s) of the cited decision or order that includes the holding for which the authority is cited.

13. Cooperation Among Parties

Due to the time limitations imposed by section 337, counsel shall attempt to resolve, by stipulation or negotiated agreement, any procedural problems encountered, including those relating to discovery and submission of evidence. To assure the proper cooperative spirit in this investigation, continuing good faith communications between counsel for the parties is essential and is expected.

14. Ex Parte Contacts

There shall be no *ex parte* contacts with the Administrative Law Judge. Any questions of a technical or procedural nature shall be directed to the Administrative Law Judge's attorney-advisor, Tamara Lee Foley, at (202) 205-3300 or Tamara.Foley@usitc.gov.
