A supplement to the complaint was filed January 6, 2021. The complaint, as supplemented, alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain UMTS and LTE cellular communication modules and products containing the same by reason of infringement of certain claims of U.S. Patent No. 7,831,271 (“the ’271 patent”); U.S. Patent No. 8,199,711 (“the ’711 patent”); U.S. Patent No. 7,554,943 (“the ’943 patent”); and U.S. Patent No. 7,944,935 (“the ’935 patent”). The complaint further alleges that an industry in the United States exists and/or is in the process of being established as required by the applicable Federal Statute.

The complainant requests that the Commission institute an investigation and, after the investigation, issue a limited exclusion order and cease and desist orders.
