A letter supplementing the complaint was filed on March 10, 2009. The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain electronic devices having image capture or display functionality and components thereof by reason of infringement of certain claims of U.S. Patent Nos. 5,995,767; 5,774,131; and 6,281,895. The complaint further alleges that an industry in the United States exists as required by subsection (a)(2) of section 337.

The complainant requests that the Commission institute an investigation and, after the investigation, issue an exclusion order and a cease and desist order.

SCOPE OF INVESTIGATION: Having considered the complaint, the U.S. International Trade Commission, on March 24, 2009, ORDERED THAT –

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation be instituted to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain electronic devices having image capture or display functionality or components thereof that infringe one or more of claims 1-4 of U.S. Patent No. 5,995,767; claims 12-15 of U.S. Patent No. 5,774,131; and claims 16-19 and 21-25 of U.S. Patent No. 6,281,895, and whether an industry in the United States exists as required by subsection (a)(2) of section 337;

(2) For the purpose of the investigation so instituted, the following are hereby named as parties upon which this notice of investigation shall be served:
