On August 7, 2009, the ALJ issued his final ID finding a violation of section 337.

On October 8, 2009, the Commission issued notice of its decision to review-in-part the final ID, requesting briefing on the issues on review, including certain specific questions, and on remedy, the public interest, and bonding.

On October 19 and 20, 2009, respectively, Iberdrola Renewables filed a motion and corrected motion to extend the date for public submissions until two weeks after the issuance of the public version of the final initial determination and recommended determination on remedy, the public interest, and bonding ("ID").

The public version of the ID issued on October 21, 2009.

In light of these circumstances, the Commission has determined as follows: (a) The public may submit comments on remedy, the public interest, and bonding until November 2, 2009. (b) The parties and the public may reply to any submissions on remedy, the public interest, and bonding until November 9, 2009. (c) The parties' schedule for briefing on any issues related to violation is unaffected by this extension.

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. § 1337), and under sections 210.50 of the Commission's Rules of Practice and Procedure (19 C.F.R. §§ 210.50).
